Hi Mike & Erin,

I spoke to Jessica Orquina, our social media lead in OEAAE, in regard to your questions, and she generally agreed with Mike's suggestions. I'm copying and pasting her comments directly below. Thanks, Scott.

Hi Erin -

EPA has a Flickr account (<http://www.flickr.com/photos/usepagov/>) and the Agency uses the site as a public outreach tool, much as we use Facebook and Twitter. So if the purpose of posting the photos is that kind of general EPA PR, it could be appropriate to use Flickr. Full guidance for EPA Flickr use is at <http://www2.epa.gov/webguide/flickr-guidance>.

Hey Mike - (b) (5) (ACP) Should I suggest that she take that down or it an approved website for Agency use for official photos? Thanks!

Erin

Toney, Hadas and Erin,

Here is the link to my complete set of photos from the Climax Mine site visit. I have labeled all of them to the best of my memory, but let me know if you have any questions.

Cheers,

Julia
